

Dear afterschool program provider,

I am learning to be a coach for the "ACRES" program that helps afterschool providers improve their skills working with youth in science and related topics. As part of my training I will be recording my interactions with you and other afterschool providers. The videos will belong to the designers of the coaching program, the Maine Mathematics and Science Alliance (MMSA), so that they can improve their coaching program in future.

Below is a video release form for you to sign and return if you are willing to let MMSA use the videos (with you in them) for additional purposes beyond making improvements to the program.

Thank you,
