

STEM PD RETREAT

P.O. Request Information

The Maine Mathematics and Science Alliance (MMSA) is hosting a STEM Professional Development Retreat on March 14, 2025 at Sunday River Resort. The day is designed for K-12 educators and administrators to build their own schedules and pick from topics relevant to their interests and grade levels. Sessions include focuses on math, science, research, computer science, outdoor learning, integrating STEM subjects, and more.

The goal of the retreat is to allow participants to connect with other educators (and one's own team if applicable), and to provide innovative strategies, tools, and lesson plans to bring back to the classroom.
